Decatur Central **High School** students are getting a lesson today about manufacturing and logistics careers.

Conexus Indiana unveiled a new online campaign at the Southwestside school today aimed to attract Indiana **students** to high tech careers in electric vehicles, aerospace and supply chain management, said Chris Watts, Conexus spokesman. The campaign is called Dream It. Do It and encourages students to pursue jobs in these fields as Baby Boomers near retirement age.

"Dream It. Do It. Indiana focuses on showcasing these high-tech careers to Indiana's young people, encouraging them to enroll in industry-approved education and training programs, Watts said in a release. Students also had the opportunity to interact with industry leaders.

Mom Dilemma #36:
Your daughter insists on wearing her princess costume to the grocery store. Allow it or not?

YES, at least she's dressed!

NO, I have some rules!
